

Have you heard about the Business Recycling Assistance Program?

They call it...

B-RAP

***‘Recycle office paper and
cardboard, too! And don’t forget
about your soda can dude!’***

Paper and cardboard make up the largest part of a business’ waste stream. But the good news is that it can be easily recycled in South Carolina.

***‘It’ll help our bottom line,
treat mother earth fine and give
us all some peace of mind.’***

Recycling saves money on waste disposal, landfill space, energy and natural resources. B-RAP can help businesses of all sizes improve their bottom-line performance through the implementation of easy-to-follow waste reduction and recycling programs.

***‘Check us out on the net
and then you’re set...’***

***‘...or get on the phone
and let’s get it on.’***

On the Web, visit B-RAP at
